

Documentación de pruebas aplicación Android – Car Report

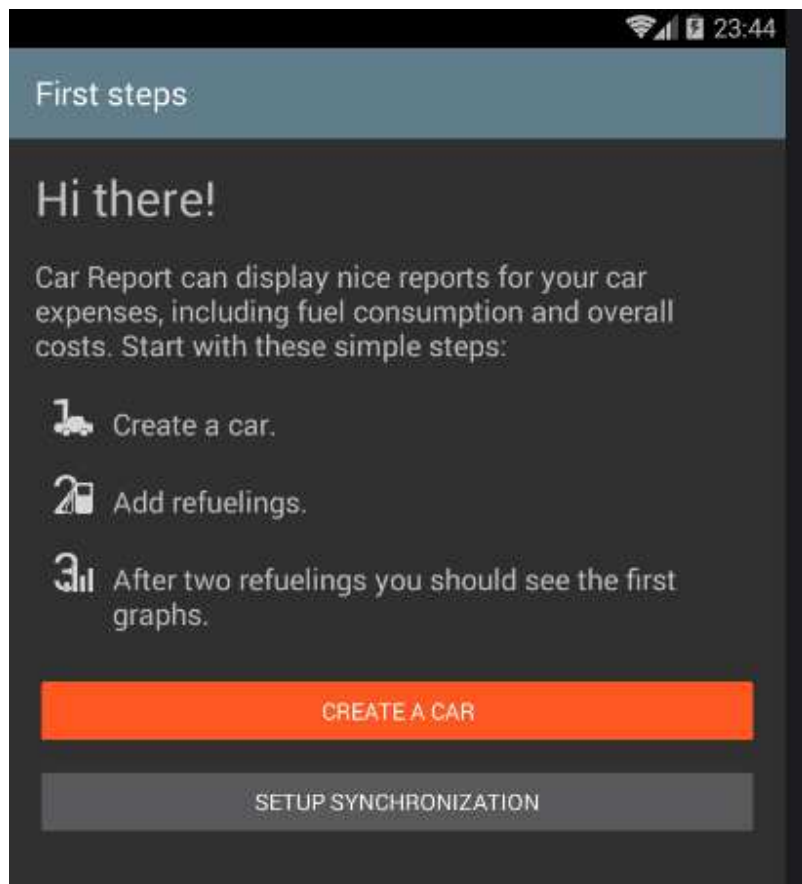

Es una aplicación que ayuda a mantener el registro de los gastos de un automóvil, por las siguientes categorías:

1. Consumo de combustible.
2. Precio de combustible.
3. Kilometraje.
4. Promedio de costos por día, mes año.

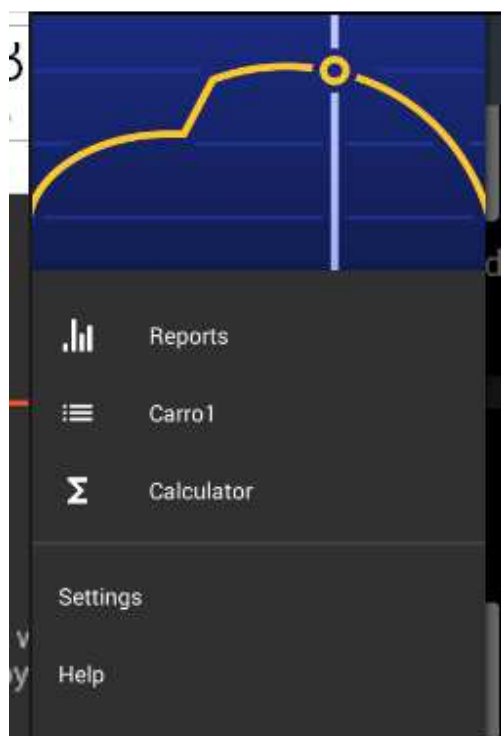

Ofrece las siguientes opciones:

- Calcular el precio de la gasoline.
- Manejo de otros gastos, como reparaciones e impuestos,
- Sincronizar datos con Dropbox, Google Drive or WebDAV, exportar/importar datos vía CSV por medio de SD card.
- Recordatorios relacionados a actividades con los autos, por ejemplo, cambios de aceite o mantenimientos preventivos.
